BIBLE THOUGHT FOR TODAY

SONS OF GOD:—For as many
as are led by the Spirit of God,
they are the sons of God.—
Romans 8:14.

THE VALUE OF CHARACTER

As one lives his every day life
very little thought is given to the
influence which that life is hav-
ing upon the community and up-
on their fellow men, yet the life
each one lives is exerting an in-
fluence for good or bad accord-
ingly as it is lived.

Life is just what one makes it,
whether it be for good or evil,
whether it be for happiness or
displeasure; life is what each one
is, or what each one deems it to
be.

So then, to what end should
each one strive? What heritage
should one leave to humanity
and his fellow men? Shall it be
one of service to one's community
and mankind, or shall it be a life
of selfish striving for material
things?

All if this may not seem worth-
while, but when a crisis arises
and the situation calls for all
that is best in human kind the
man who has lived a life of ser-
vice, with a continuous thought
of character building, is the man
who is chosen and not the one
who has striven daily for his own
selfish interests with no thought
of his community or his fellow
man.

If the father who recently of-
fered a reward of fifty cents for
information as to his son who
had left home valued that son
on a par with the reward he of-
fered for his return, it would be
far better for the son to seek for
himself a home where a greater
value would be put on his worth.

No doubt such estimation of
the worth of one's children is the
cause of many leaving home. A
child should be made to feel the
love and consideration of the
parent and should be made to
feel that the value of the child
to the parent is inestimable. Un-
der such conditions no power
upon earth could make a child
leave its parents. More often
than not it is the parent's fault
and not the child's that causes
the latter to leave home.

BLOOD UPON OUR HEADS

Every day that passes shows
the unfitness of the Turks to
govern and the unworthiness of
the American policy of sitting
high in a tree-top while Christians
are murdered and the Near East
drifts into disaster. It is diffi-
cult to say who deserves the
greater condemnation—Turkey
for its violence or America for
its slacker policy.

While the Allies chatter and

disagree, the Turk is more and
more entrenched. His supremacy
at the Dardanelles means the
destruction of fair trade and an
open door and protection to
other races.

The Turk must go.
